

Did You Know?

If you think you know
Mid-Columbia Medical Center,
think again as we redefine
health care in the Gorge
in the 21st century.

- Mid-Columbia Medical Center offers the **most experienced urology team** in the Gorge for the diagnosis and treatment of medical conditions that affect the urinary tract and reproductive system.
- With more than 280 babies born at MCMC each year, the **birthing center** provides patients with a safe and relaxing environment staffed by labor and delivery nurses who provide kind and effective birthing care.
- MCMC Orthopedic Institute is the only **Joint Commission-certified** facility in the Gorge for total hip and total knee replacement.
- Celilo Cancer Center not only provides state-of-the-art cancer care but also **soul-soothing therapies** such as facials, massages, acupuncture and makeup instruction, plus a healing garden and meditation room that provide a peaceful place for contemplation and prayer.
- MCMC's **board of trustees** is made up of individuals who have deep ties to the local community, share a personal commitment to enriching the health and well-being of everyone who lives here, and are focused on setting the standard for what 21st century health care in the Gorge should look like.
